

"Solutions Driven, Results Assured"

2021 ELECTRICAL LINE CARD

Industrial cable problems and enhance your equipment performance with Lutze's broad range of industrial cable and cable assemblies. Take advantage of Lutze's expertise in Ethernet connectivity and power supplies. For 50 years the Lutze Group has been developing and bringing automation solutions to market.

Since **1954**, when it was founded, Finder has concentrated its efforts on the manufacture of quality products. Today it makes over **12,500 different products**, including industrial relays, miniature and ultra-slim relays, power relays, contactors, fans, timers, surge suppression products, relay sockets and accessories.

Wiring and cable solutions

for all types of machinery and controls,

Motor controls, MCCB's & VFD's

LV Variable Frequency Drives up to 700HP, Contactors 7A—2100A, Overloads, Manual Motor Starters, LV UL1066 Air Circuit Breakers, UL 489 Molded Case Breakers and UL1077/UL489 Miniature Circuit Breakers, MV Vacuum breakers www.lsis.com/usa ...

Enclosures & Climate Control

Operator System Enclosures, Wall-Mount Enclosures, Free-Standing Floor-Mounted Enclosures, Modular Enclosures, Operator System Enclosures, Fiberglass Enclosures, Climate Control Saginaw Control & Engineering

Switches, Metering & Monitoring

Load Break Switches - Non Fused, Fused disconnect switches, Manual transfer switches, Multifunction Power Meters, Load Break Switches for Photovoltaic Applications.

Pilot Devices, Cam Switches

22mm and 30mm pilot devices, Cam switches from 10A to 63A PUSHBUTTONS 22mm and 30mm sizes Excellent modularity for a large choice of combinations with a minimum number of items

Advanced Power Quality

Peripherals for AC and DC drives -active harmonic filters, passive harmonic filters, drive output filters, line reactors Trans-Coil International is the premier supplier of peripherals for AC and DC drives

Solutions for the control cabinet

DIN rail terminal blocks, Safety, Interface, Remote I/O, Connectors for industrial applications

Integrated Panel Management

Wiring duct, DIN Rail, fiberglass enclosures and panel management An extensive line of wiring duct and components IBOCO delivers an integrated system of specific solutions for panel builder's needs

Low Voltage Power Distribution

FLEXIBAR, Copper and Stainless Steel Braids, DIN Rail Profiles Distribution Blocks Distribution Blocks The ERIFLEX System of low-voltage, space-saving components for electrical panels

Relays and Monitoring

WITH MACROMATIC YOU'LL HAVE EVERYTHING UNDER CONTROL For over 35 years we've been providing superior quality industrial control and monitoring products.

Transformers

Transformers - LV & MV Dry type Jefferson Electric has manufactured dry-type transformer products since 1915. We provide quality products to the commercial, industrial and OEM marketplace

HMI & Industrial PC's

Since the foundation of the company in October of 1995, Weintek Labs., Inc. has been committing itself to being a leading-edge designer and manufacturer of graphic operator interfaces, also known as HMI

AC and DC Variable Speed Motor Drives - custom and standard; Interface Electronics; Unique Firmware Solutions (Minarik Drives)

Aeros USA Inc

AerosUSA is a leading distributor of Cable

Protection Systems, ie. Conduit, Connectors, Cable glands, Cable Accessories, Custom Electrical Assemblies.

Orbit has grown to become one of the most diverse and creative electrical product manufacturers in the country today. Currently, the company offers thousands of steel products, NEMA enclosures, fittings and wiring products, ventilation fans, weatherproof products, and lighting products.

Cembre is a leading manufacturer of electrical connectors, crimping & cutting tools, railroad products, identification & labeling systems.

Broad line supplier of limit switches, micro switches, illuminated push-button switches, key lock switches, foot/pedal switches, sockets and terminal blocks!

Broad line of tapes, films and heat shrink products for the electrical and electronic OEM.

ESSENTRA

Essentra Components manufactures and distributes small, essential components, such as protective plastic caps, workholding clamps, fasteners, handles & knobs and PCB hardware

SAB North America is the North American sales, distribution and service center of SAB Bröckses, a Germany-based manufacturer of cables and wires, cable harnesses and temperature measurement tools

Electronic Hardware & Custom Fasteners SIS is a leading distributor of quality fasteners and electronic hardware supporting a broad range of manufacturing. English and Metric sizes are available in a variety of materials and plating options.

Niedax Inc. has an extensive range of cable support systems, certified in accordance with the European DIN IEC 61537 and the North American UL and CSA standards.

Expertise Applied | Answers Delivered Products that protect, control and provide sensing on your electrical distribution system.

Smart, scalable and efficient connectivity solutions across your electrical infrastructure

Industrial electrical safety products

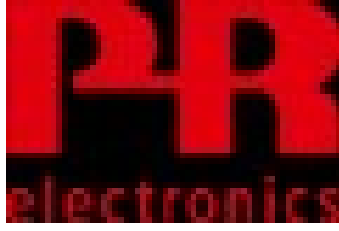

Stahlin

Fiberglass, Polycarbonate & PVC Electrical and Instrumentation enclosures.

Enclosures – non-metallic – NEMA 4, 4X, 6, 6P, 12 & 13 Polycarbonate. Hinged cover, screw cover, dead fronts, opaque and clear covers In 1997, Fibox Inc. was established to import and market Fibox enclosures in the United States

With our innovative, patented technologies, we make signal conditioning smarter and simpler. Our portfolio is composed of six product areas offering a wide range of analog and digital modules covering over a thousand applications in industrial and factory automation.

The North American leader in power resistor products, Powerohm offers the broadest line of quality power resistors in the market place. The Powerohm team is committed to providing the highest value, highest quality product at attractive prices. Our engineering focus and dedication to the highest quality components and standards will result in the most effective resistor design for your application.

With more than 30 years of production expertise, Dinkle is one of the major global PCB terminal blocks manufacturers. Their products are used in many industrial sectors such as Factory Automation, Process Automation, Power Automation, Railway transportation, New Energy and Equipment Manufacturing.

Sprecher + Schuh / Auer Signal offer a wide range of low voltage industrial control products designed to exceed industry standards. Founded in 1903 by two Swiss engineers S+S continues to produce innovative control products to provide you quality, reliability and a name you can trust.
